ABOUT ME

I am a web developer who has developed all sorts of websites, from simple static pages to fullstack dynamic web applications. I have worked extensively in many different JavaScript frameworks and many different CSS frameworks.

PROJECTS

The Recipe Book

Recipe Sharing App

<https://recipebook-eosin.vercel.app>

A fully working and free recipe sharing app that includes user profiles, authentication and the ability to upload your own recipes and save others. Developed with Next.js 15 and uses Firebase as a backend.

Online Chat Application

Chat With Others

<https://almishsubuk.github.io/react-chat/>

A chat application made using React and Firebase. The app has a clean and simple UI and is easy to use. For more information, visit the Github page. You can also view the app by clicking the button below.

Personal Portfolio

Portfolio Website

<https://almishsubuk.github.io/>

A portfolio website that shows off my skills and my projects along with more details on what I can do
